CHICAGO AREA
RADIO CLUB COUNCIL

Chicago, Illinois

BIG TECHNICAL MASS MEETING

Dear Fellows:

The Council Inter-Club Activities Committee has arranged another Mass Meeting for

Monday - November 27th
8:00 P. M.
Sherman Hotel

Features:-
Technical talks by
Bill Atkins W9ŦJ
Meissner Mfg. Co.

Ernie Kohler W9--
Kenrad Tubes

Bill Atkins is one of the leading DX men-he came out 4th or 5th in the last contest and is second in the Radio magazine DX Marathon. He is a Century Club member. He will talk on DX operating and probably will slip in a word or two on Signal Shifters and other newer Meissner developments.

Ernie Kohler is an Old-Timer Ham (I forgot his call) who has given talks at IRE meetings. He knows his stuff and we guarantee you'll have a better understanding of the various types-Triodes, Screen grid, Pentode, Beam etc. -after you heard his talk. It's really worth-while.

Then there'll be a Technical Forum. Doug Fortune of Thordy, Gordy Gray of Ohmite, Bill Bishop of Taylor, Dave Middleton of Guthman will get up on the platform and answer any technical questions you can throw at them.

Here's the chance to hear some real good technical talks and enjoy a good get together with your Fellow-Hams. The committee strongly hopes there will be a turn-out worthy of these speakers.

Inter-Club Activities Committee

Rex and Al

The Council is composed of delegates from all Leading Chicago Area Radio Clubs
